AUTOTEST

Autotests are all about car control. The challenge is to negotiate as quickly as possible a memorised, low-speed course without hitting any markers. The drivers attempt three different tests, four times each. The fastest driver over the twelve tests is the winner.

McMillan Specialist Cars sponsor the N.I Autotest Championship & Challenge. McMILLAN Specialist Cars' reputation for excellence is well established and is maintained by the high standards set by their team. Their professionalism and support of N.I Autotesting enables the championship to be delivered at a high level. Northern Ireland has provided top Autotest drivers over the years who regularly excel in this sport. McMILLAN Specialist Cars and the N.Ireland Autotest Championship's partnership continues to strive in excellence.

MARSHALLING

Marshals are there to make sure that events are run safely and effectively. Duties range from displaying flag signals and clearing debris to providing communication cover as well as running a start, finish line or assembly area.

TIMEKEEPING

Timekeepers record competitors' times and positions in order to determine the event results. Tools range from handheld stopwatches to electronic timing systems that can measure to the nearest thousandth of a second.

CLUB VOLUNTEER

You could also join Larne Motor Club and help out as a committee member, treasurer, club secretary, social officer, equipment officer, publicity officer and more.

SCRUTINEERING

Scrutineers check that cars comply with the technical regulations to ensure safety and fair play. While experience in engineering or a similar technical field can be an advantage, it is not essential.

OFFICIATING

Once you've gained some experience in one or more of the previous roles you can consider becoming a Steward, Secretary of the Meeting or Clerk of Course, who are responsible for ensuring that events are run in accordance with sporting regulations.
