FINAL INSTRUCTIONS

Dear Competitor

Your entry has been accepted for the Fully Forward Autotest.

Venue is at Robinson's Quarry Masters 32 Glenhead Rd, Ballymena BT42 4RE.

Your sign on and self-scrutineering is now live and must be completed via your Stopastride event dashboard.

Competitors should minimise the time spent together in the car and ensure adequate ventilation of the vehicle at all times. It is expected that there should be no need to be in the car together for more than 15 minutes at any time during the event. In the case of a delay please ensure at least one of the crew leaves the vehicle but stays nearby. Away from the tests, minimising risk from COVID-19 is the shared responsibility of everyone.

Drivers briefing

The drivers' briefing will commence sharply at **09:45am**. **All** drivers and navigators must have completed online self-declaration scrutiny and sign on by no later than Tuesday 22nd February.

Refreshments

A hot food van will be onsite for breakfast and lunch from 08:00.

Licences

Both crew members are required to have a Motorsport UK RS Clubman licence. It's FREE and simple to apply for a new/renewal licence. If you don't supply the licence, you cannot take part. Licences should be brought with each competitor on the day as spot checks will be carried out.

Awards

Awards will be presented to the fastest overall crew (forfeit class award), and class winners.

Tests

Competitors will be split into separate groups and assigned a starting test. Competitors will remain at that test until all completed and move to the next consecutive test. Each test will be completed three times each. Test diagrams should be self-printed prior to arrival and tests can be walked until the drivers briefing after which, walking of the tests will no longer be permitted. The test surface is concrete with a small section of gravel also.

Dual entries

Any car that will have two different drivers will be placed in the same group. Groups will be displayed on our website no later than Thursday 24th February.
